

ADDIS ABABA

MEDICAL UNIVERSITY COLLEGE

Congratulations Class *of* 2019

Batch
9

BACKGROUND of The University College

Addis-Ababa Medical University College (AAMUC-H) Hargeisa Campus was founded in October 2008; since then we have held 8 graduation ceremonies and over 500 students have graduated from our Institute alone as we look to continue our progress and aim to be the leading health science pioneers in Somaliland.

Our main campus is located in the city of Addis-Ababa, Ethiopia; the institution operates in five major branches across Ethiopia and Somaliland, Namely Hawasa Ziway, Nasaret, Dire-Dawa, Addis Ababa and here in Hargeisa. In all its campuses across Ethiopia and newly launched campus in 2008- Hargeisa Somaliland, has more than 5000 students and alumni in various department's namely Public health, clinical Nursing, Midwifery, Pharmacy, Medical Laboratory, ICT and as of recently Business. Although our campus in Hargeisa focuses on three faculties, Public Health, Midwifery & Clinical nursing we aim to open a few more in the near future.

Our campus in Hargeisa offers students access to a vast majority of books in the library as well as eBooks for our students to do research with and gain general knowledge. Our new and improved IT facility equipped with Wi-Fi gives students the chance to use on demand for assignments and research. Each classroom

is furnished with multiple singular desk, our largest classroom can facilitate up to 65 students. We believe in a safe environment which is why we have added CCTV on every floor as well as outside the campus.

All eligible academic programs maintain accreditation by the appropriate specialized accrediting bodies, namely, the HERQA (Higher Education Relevant and quality Agency of Ethiopia), the Ministry of Education and higher, Ministry of Health – Somaliland and Ministry of education of Ethiopia, to award a Baccalaureate level and TVET section of ministry of education of Ethiopia.

AAMUC-H is also a member of the Ethiopian private higher educational institutions association, and become a center of educational excellence. Our research program at the end of the 3 year tenure is in a league of its own as we provide our students the opportunity to use their knowledge to produce a research thesis and present their findings to our respected lecturers. laid on the firm bedrock of education, information and investment. AAMUC-H helps both Somaliland and Ethiopian youths build a strong career by shaping their gained knowledge and using it in real life situation thus producing a solid enduring future.

VISION

To be one of East Africa's premier health science University.

MISSION

Apply Knowledge to improve health and reduce the burden of illness on society by giving big concern to the people, nation and the world at large.

VALUE

- » Preparing health professionals workforce of the future
- » Upgrading professionals
- » Offering in-service capacity building trainings
- » Conducting researches through arranged programs
- » Providing health care services
- » Contributing medical development through integrated programs in health education, experimental research and clinical cares and procedures.

“ Our faculty, staff, and administrators have cared for you and offered you strong support and excellent advice. ”

MESSAGE *from* THE PRESIDENT

On behalf of the AAMUC faculty, staff, students and alumni, I extend a sincere congratulation to the Class Of 2019! Graduation day is one of the most joyous times here at Addis Ababa Medical University College, Hargeisa Campus; it is a time where family, friends, lecturers, special guest, previous and current students get together and celebrate your achievements. We are proud of our students and all that you have accomplished to arrive at this moment.

It is indeed a privilege, and also a joy, to address you, for all of you who graduate today have accomplished something genuinely important and worth celebrating. You have completed a demanding course of study. It will transform your life in many ways. It will expand the range of vocations you can pursue, increase your knowledge of the world, deepen your capacity to appreciate societies and cultures, and provide a foundation for lifelong learning.

In your drive for success, I am certain you will gain a lot of experience and money, but what is important is to make sure that the experience and money you make is accompanied by meaning because meaning, and not money alone, is what brings to your lives real joy, richness, and happiness. I am sure that in pursuing your varied careers you will make mistakes. You will experience failures. You will stumble. You will have setbacks. Instead of becoming exasperated with yourselves, try to learn what a failure or mistake is to teach you. Do not become paralyzed by the many challenges you will confront in life. Merge with them, pick up the pieces, learn your lesson and move forward.

We are Addis Ababa Medical University College thank you for your patience over the four years and hope to see you excel in your fields and one day come back to us as proud alumni and guide the youths of tomorrow.

Abdi Sahardiid
The President of AAMUC

“Life is a journey, and all accomplishments we achieve during its course should be taken as a starting point for further achievement.”

MESSAGE *from* THE VICE PRESIDENT

Congratulations to all of you on your graduation and the completion of your academic courses. I would also like to express my congratulations and deepest thanks to the faculty and the families and guardians of our students for supporting them during their time at Addis Ababa Medical University College.

Some graduates will start working with high hopes for success, and others will move on to pursue greater knowledge and skills. In both cases, I assume that, on this day of your graduation and the completion of your studies, many memories of your time at this university are coming back to you. You've all grown at your time with us at AAMUC and I can say I am very proud of your resilience and work ethics, well done!

I would also like to give special thanks to the parents, spouses, children and friends of our graduates for their patience, understanding, sacrifices and support - both moral and

financial - during these challenging, but rewarding, years at the university. Although your guidance, comfort and encouragement certainly will continue to be sought and appreciated in the years to come, you can now rejoice. Even more so, you can relish the shared feeling of pride in what your graduate has accomplished and the abundant opportunities ahead.

I wish you all the best of luck for the next step in the journey of life; I hope you use the knowledge you've gained here at AAMUC for the greater good of our beloved nations. We need young educated individuals such as yourselves to guide Somaliland to a prosperous and developed country; most importantly medical access to every single somalilander. We at Addis Ababa Medical University College are excited for your future success; as our slogan goes 'the way forward', you young adults are our countries way forward.

Mahamud S. Askar
The Vice President of AAMUC

“Congratulations to all the graduates; may Allah grant us all true success in this world and Hereafter.”

MESSAGE *from* THE ACADEMIC DEAN

Congratulations to all students who are graduating. We are proud of you and expect much as you embark on the next stage of your lives. We appreciate that you chose to be part of our University and that you will be our ambassadors in the future. You have left your mark on us, as we have on you.

Thank you to all faculty, instructors, staff and administrators who have toiled to ensure that students meet their potential. Of course, given that we are equally committed to producing a very particular type of graduate—one prepared not only with knowledge and skills, but with the sensibilities to navigate the complexities of all types of learning institutions and enhance the performance of learners of all backgrounds, free from any form of discrimination.

Class of 2019 – while graduating is one of the ultimate rewards; the most rewarding experience for us is that you chose AAMUC University of Health Science as a destination along your health care journey. We have enjoyed teaching you, and in more ways than one, you have also taught us. You have modeled compassion, resilience, commitment, and dedication during your time here and these qualities will serve you well in every circumstance you face.

Every student in this University has the opportunity to impact others, to enact change, and to offer hope to the people they meet. Thank you for spending the last few years with us, and we cannot wait to see what you accomplish next.

Ahmed Ismail Batun
The Academic Dean of AAMUC

OFFICE HOLDERS

Abdiqani Sahardiid Askar
Admin & Finance

On behalf of Administration and finance office, I would like to say Congratulation on your achievement, you have confirmed the commitment, inspiration and talent you need to success in your chosen career.

Graduation is significant step in your education and entire AAMUC team wishes you best on this important event

Dear graduates. Finished first degree of education is not ending point of life, long process of your career but it's the starting point. Therefore we seek the almighty Allah to guide you to right bath of your future, it's a time you will harvest the fruits you have been planted

The administration and finance office and AAMUC Team are extremely happy that you have succeeded subsequent many years of patience, hard work, restless and committed effort and now you have graduated.

Congratulating Congratulation once again on your graduation Day

Abdeta Mukhtar
Head of Research & Quality Assurance

You came to this wonderful day of your graduation after so many of academic activities and hardships. The journey was not easy. You passed through all challenging roads and here is the day you celebrate your day with success and ever memorable joy.

It gives me great pleasure and excitement to see you finished one phase of your academic life. It's just the beginning of long adventure towards more success and achievement. Education has beginning but no end. Don't stop. Continue. Just keep it up. Move on. Move forward.

I would also like to remind you to help and assist people in need of your service. All your knowledge, skills, ethical principles and beyond all, humanity, should be implemented strictly during your career.

Don't ever forget universal principles of empathy.

- "Treat people in the way you like to be treated."
- "Treat people the way they like to be treated."

So happy to share in the excitement of your gradation day, and so very proud of you, too!

Allah bless you in this world and hereafter.

Mohamed Abdulahi
Department Head

FIRST OF ALL I WOULD LIKE TO SAY ALHAMDULILAAH!!!!

Dear graduates, today is your day. We congratulate you, we honor you and we stand with you during this important time and it is my pleasure to congratulate you all on this memorable day.

You persevered through the years, studied dutifully, spent countless hours at internships or practical learning; put it many late nights and early mornings. You may have even balanced academics with both family and/or work life – but you made it and you are now sitting here representing the class of 2019 graduates, congratulation again to you, your family and all who participated on your journey, this is step forward in your life but not the end of your journey.

Now you are the crossroads of opportunities; you can earn more knowledge and more skill to grow, look at all sides of the crossroads carefully and continue on searching and learning. I see that one day you are going to be make a change for our country, let me say this now; I am proud of you, keep on going forward.

RESEARCH THESIS DEFENSE

Both AAMUC & Gargaar Hospital have been working side by side since October for the benefit of our students and the general public. Our students in their final years at AAMUC perform their practical courses at Gargaar hospital for the duration of 6 months. In those 6 months they work with different departments in the hospital such as pediatric dept, obstetrics & gynecology dept etc. They apply their knowledge they learnt in the classroom and utilize what they learnt in the hospital with the guidance of Gargaar hospital staff & the university clinical supervisors.

Our mutually beneficial partnership would be preparing our students for life after graduation, with the help of Gargaar Hospital more of our students could go straight into a working environment as they have been accustomed to working in a hospital for 6 months.

We thank and appreciate the management of Gargaar Multi-Specialty Hospital for allowing our students to learn and adapt to the demands of a busy hospital and hopefully continue this wonderful partnership for years to come.
